

E-CLPS[®]

2100 SERIES

QUALICOAT-APPROVED PRETREATMENT

E-CLPS[®] 2100 Series is the architectural industry's most trusted chrome-free pretreatment. For more than 20 years, it has been used as an alternative to hexavalent chrome conversion coatings.

Now available worldwide through our exclusive distributor network.

PRODUCT FEATURES:

- The only Qualicoat-approved product made in the USA
- Free of chromium, phosphates and nitrates
- Coats all wrought and cast aluminum alloys
- Outstanding performance with all organic top coats including powder and liquid types
- Dry-in-place application
- Can be applied by: spray, immersion, cascade
- Meets AAMA 2603, 2604, 2605 performance requirements
- Complies with the RoHS, WEEE and ELV directives
