

TRI-CLIPS®

Trivalent Chromium Pretreatment for Aluminum Extrusions

TRI-CLIPS® Provides the Same Corrosion and Adhesion Results as Hexavalent Chromium Pretreatments Without the Health Concerns or Environmental Hazards!

- **Meets AAMA 2605 Performance Specifications**
- **Free of Hexavalent Chrome, Regulated Metals, Phosphates and Nitrates**
- **Dry-in-Place Trivalent Coating**
- **Easy Waste Treatment**
- **Operates at Ambient Temperature**
